

# Cook Inlet Aquaculture Association

## Seasonal/Intern Employment Opportunities

Below is a partial list of available seasonal opportunities with CIAA in 2017.

### All Positions

- CIAA will provide lodging and food during the length of employment providing employees are living in CIAA provided accommodations.
- Lodging facilities will vary pending on location from weather ports to bunkhouse.
- The successful employee is responsible for all travel costs associated with getting to the place of hire. The place of hire varies by project location and may be Kenai, Moose Pass or Homer, Alaska. CIAA will pay for the travel costs associated with getting from the place of hire to the project location. If flying, CIAA recommends purchasing flexible tickets since length of employment is dependent on strength of returns and weather conditions.
- For positions starting before July 1, the salary is \$137.20 per day until July 1 which at the time the rate will change to \$13.00 per hr. There is no holiday, vacation or sick leave benefits.
- CIAA will cover worker's compensation.
- CIAA is an at-will employer. Length of employment is dependent on fish returns. If fish returns are less than predicted, length of employment may be shortened.

### To Apply

- To apply please submit resume to the person noted in the "Apply to" section.
- **Clearly indicate in your cover letter/email which position(s) you are applying for.**
